

Gulfstream™ 200

Gulfstream™ 200 Fibre Blower

The self-contained Gulfstream™ 200 combines the push force of a small electric motor driven belt drive with compressed air to quickly and easily install micro fibre cables from 0.8mm to 5.5mm in diameter in microduct ranging in size from 5mm to 12.7mm, at speeds up to 165 ft/min (50 m/min) per minute!

The unit's machined aluminium construction provides a lightweight profile with long life and durability. The Gulfstream™ 200's compact size and convenient carrying case allow for easy transport between job sites.

Gulfstream™ 200 with complete pack

Key Facts

Duct OD: 5 – 12.7mm

Speed: 165 ft/min (50m/min)

Cable OD: 2.0 – 5.5mm

Weight: 5 lbs (2.27kg)

Blower Size

- Dimensions: 8" (h) x 6" (w) x 4" (l)
203.2mm (h) x 152.4mm (w) x 101.6mm (l)
- Weight: 5lbs/2.27 kg

Microduct Range

- 5 – 12mm
- Built in clamping system with interchangeable seals

Fibre Cable Range

- 2.0 – 5.5mm

Power System

- Electric via belt clip rechargeable battery pack
- Standard QD air compressor connection
- 150 – 200 psi (14 bar max pressure)

Drive

- Belt drive
- Maximum push force of 10lbs (45 N)
- Speed: 0-164 fpm (0 – 50 mpm)

Controls

- Forward/reverse switch
- Speed & torque control to regulate motor speed
- Screen that monitors speed, distance, and life counter

Force and Flow

- Push Force: 0-10lbs (45 N)
- Air Pressure Requirements (BAR)*: 10-14 Bar
- Air Pressure Requirements (PSI)*: 150-200 PSI
- Flow Requirements (CMM)*: 0.5-1.5 CMM
- Flow Requirements (CFM)*: 10-35 CFM

*Air pressure and flow requirements depends on the size of duct and the size of fibre being installed into that duct.

Advantages

- Single handed operation
- Self contained electric motor
- Standard off-the-shelf battery
- Cost effective
- Simple to maintain
- Lightweight (5lbs/2.27kg)
- Durable long life design

Features

- Rechargeable battery powered
- Software controlled drive system
- Provided with complete set of cable seals and duct clamps
- Belt driven to reduce stress on cable
- User friendly controls
- Easy read air pressure gauge
- 240v charger
- Tripod
